we LOVE small to medium sized jobs

'HANDYWOMEN' Franchise

A few Services You Can Offer

You can offer as many services as you wish & expand at any time
We will fully customize to your services

Handywomen

Our handywomen service covers a wide range of services that clients need undertaken ranging from fitting simple wall shelving through to tackling long lists of required tasks!

Tiling

Some Mrs Jobi local franchise owners offer tiling services to their clients. Regardless of it being just a few rows of sink splashback tiles to larger sized projects.

Power Washing

Power washing or alternatively named 'Jet Cleaning' is guaranteed to bring AMAZING cleaning results. Mrs Jobi local operators can make grubby looking items sparkle like new.

+ A few More Services You May Want to Add

You get to choose the services to offer your clients

Painting & staining

Our Mrs Jobi local operators can offer a comprehensive service with most offering painting, glossing and staining services.

Small plumbing jobs

When your clients are in true need of 'HELP!', as a Mrs Jobi handywomen franchisee, you could be the perfect 1st call by isolating the water feed.

Flat packs

This is most peoples biggest dislike when buying all manner of new items. If you join us as a franchisee, your clients will no doubt keep you BUSY.

You receive a VERY attractive webpage fully customized for you in your chosen work area/s

when you join us at Mrs Jobi.

YouTube insertion

You customized new PROMO video as well as being hosted by our own Mrs Jobi video hosting platform delivering quality videos on your webpage, it will be uploaded to your own YouTube page for further exposure.

Business Guide

Upon joining our Mrs Jobi network, you will be given a guide if you want to further enhance and get more business etc coming in. Practical and Very Useful Mrs Jobi **TURBO Boost** Business Guide.

Business webpage

Your very own professional unique Mr Jobi web page with chosen subdomain for example visit: www.mrsjobi.uk/abc web address. On your webpage etc, we will display the specific services that you want to provide. Some Mr Jobi franchise owners offer lots of different services, where as other franchisees choose to offer selected services with perhaps an intention to expand and offer additional in the future.

[See example page](#)

Promo video + Hosting

We create just for you and your 'business' a short customised INTRO video, for example visit VIDEO ---. We add all your contact details, web page link, wonderful imagery, core services you offer and some themed music embedded onto it. We then index it on Google and other search engines. Typically, over time, your video may become visible directly in normal text search results as your overall business profile elevates in rankings. Videos are great to send out using easy links to your potential clients and post on Facebook, Twitter etc and so many other channels. We host your business video on our own VIDEO PLATFORM and then embed it direct within your business webpage.

[See example video](#)

Google + Bing SEO Indexed

All Google and Bing marketing/SEO indexing of your webpage and video we do for you is FREE and fully included. We use your chosen work area/areas where you want to receive work when we index.

Your new Mrs Jobi property services webpage will be ENHANCED and displayed in natural search results when we index them professionally through our Webmaster accounts.

email system + subdomain

You will receive your very own professional [@mrjobi.uk](mailto:abc@mrjobi.uk) domain business email, you would use in all your business emails you send out. It really will 'set you apart' from most other companies, you certainly will stand out from the crowds! Example: abc@mrjobi.uk

We also give you a new business email system again, all fully included that you can easily log into and here you can choose ready made templates to make sending new emails out a BREEZE. You will look so professional to your clients with your email matching your chosen business name, web page etc in conjunction with your Mr Jobi brand.

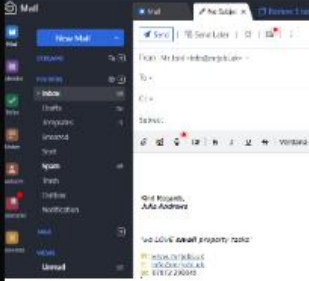

- Additionally, you can download a mobile app so all your new Mrs Jobi emails will also arrive on your phone as well as desktop.

Logo customised

Our designers create for your Mrs Jobi business, a specific logo for your own use. Ideal if you need any additional local marketing you may want to do in the future. For example, doing a free post on Facebook local groups or the Nextdoor app (2 great ways to get additional free local work leads)

'You will always look PROFESSIONAL'

Digital e-signature

You will have your own 'e-SIGNATURE' created that will automatically be added to all new emails you compose and send using your fully included business email system. Your clients will see you as very professional which can reflect in more work being authorized to you and sometimes at higher rates :)

- Grass cutting
- Hedge cutting
- Small plumbing

www.mrsjobi.uk/abc

abc@mrsjobi.uk

07837 290257

e-Marketing Flyers

Your e-flyer are truly professional in appearance and will certainly turn heads when your potential / or existing clients receive one sent alongside an estimate for required tasks.

Google Maps

(different type to main Google search). Once Mrs Jobi designers have set-up your new business and its fully live, you can easily add your business and its location of work offered to Google local maps (you do this element yourself as Google only deals with local living entities). This will give you a further BOOST in search results and is great for new job inquiries. Google will send you an authorization code to validate a local business once applied for. You can choose to OPT out from displaying any address when live in Google maps. We then insert HTML code from your Google Local maps listing once provided directly into your webpage, further TURBO BOOSTING> your visibility in Google normal search results. You get to choose the category/services that you wish your local Mrs Jobi franchise to specifically offer.

e-Stationery Suite

We create for you, your own customised 'e-stationery suite' again designed to your local business by our graphic experts in digital format. Our designers will send it to you for proofing prior to be added to your webpage, portal, etc. These digital assets are ideal if you want to send them to potential clients as part of any additional marketing to what HQ does for you.

Business Portal

Once your business is fully set up, live and active, we create for your business your own secure PORTAL. This is a 'go to place' with all your customised/ personalised business assets **inside** that our designers have created just for you and your Mrs Jobi local business. In addition to your customised/ personalised section, there are 2 other sections that has multiple tabs with each tab opening up etc, for your further content use. One section is called '**Generic Asset's**' and one called '**Lead Generation E**' on how to get ADDITIONAL work.

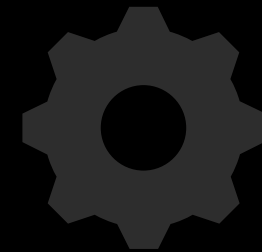

Estimate/invoice templates

We know how important a good presentation is to potential new clients, especially when providing an **estimate** and or **invoice**. From in depth experience, a considerable more % percentage of clients will authorise work to proceed if they receive professional and branded estimates (most of your competitors for the same job will almost NOT provide what a Fixerly coordinator can). We provide ready for your new franchise business, customized estimate/invoice templates just for your specific business. The template you will receive will allow you to insert images, and this is a really useful tool if you need to identify certain parts of the required work.

+ Plus a huge list also included
